37.0(D)X72.8(W)X306.6(H) mm

Various access

Yale YDM4109 has four access solutions, PIN Code, fingerprint, Mechanical key, Remote Control (Optional) for your convenience.

One-touch Fingerprint Verification Method (Easy Scan)

Easy scan technology has been applied to conveniently read a fingerprint in one shot without the need to open or close the cover to enter a fingerprint.

Voice Guide Feature

As the voice guide is offered that lets you know the operation status and how to set each feature and mode for easier and more convenient use.

Anti-panic egress with Safe handle

For convenience and in case of emergency, the door is automatically unlocked whenever the inner lever handle is used and also safe handle will protect from any break-in attempts.

Smart Touchpad

To prevent the password from being exposed due to residual fingerprints after opening the door, a new technology has been adopted to complete the door opening process by touching the keypad with a palm after entering the password.

Automatic Locking

The Yale DDL series automatically locks the door after checking it is properly closed.

Alarm (Break/ Damage)

80dB alarm goes off if anyone attempts to damage the lock or force door open.

Security / Normal mode

For multi-user environment, YDM4109 can be turned to Security(Master) mode that the master can register and delete each user while Normal mode controls all the users at one time.
